

Expression Of Interest (EOI)

Business Partner for Spares across multiple Business Units

Vedanta Limited is one of the World's leading diversified natural resource companies with business operations in India, South Africa, Australia, and Namibia. Vedanta is a leading producer of Oil & Gas, Zinc, Lead, Silver, Copper, Iron Ore, Aluminum and Power and is undertaking the process of **consolidating key spares across its Business Units**. The objective of this process is to enable competent Business Partners to take up end-to-end responsibility of key spares and to provide said spares to all the Business Units of Vedanta Limited.

We are inviting applications from parties **interested in taking up execution of one or more of the key spares categories** (details below) at various business locations to support the functioning of the Business Units. Interested partners, with relevant experience, resources and capability to take up end-to-end execution of spares delivery can **submit their Expression of Interest** in the form link: <https://tinyurl.com/sparesEOI> , along with relevant attachments via email at: spares.consolidation@vedanta.co.in.

Kindly refer below for the details and approx. scale of spares categories covered under this application:

Spares Categories for consolidation	Additional Details
Pumps and accessories	For further detailed specifications, please write to us at spares.consolidation@vedanta.co.in
Electrical cable & accessories	
Pipe & pipe fittings	
Valves – like ball, gate, globe, check, etc.	
Refractory bricks & mortar	
Belt conveyor & accessories	
Hardware & fittings – Nut bolt & clamp, roller, wheels, hoses, rings, etc.	
Bearings	
Heating equipment & parts & accessories – boiler tubes, heat exchanger parts, thermocouples, etc.	
Mesh – wire mesh	
Filters – filter bags, cages, filter press cloth, filter elements, etc.	
Electrical controls & accessories – relays, circuit breakers, fuses, contactors	
Crushers & breakers & others – hammers, liners, jaw crushers, toggles, etc.	
Structural steel and items –channels, angles, plates, beams, bar, plank, sheets, etc.	
PPE & Safety – PPE, health, and safety devices	
Industrial machinery components & accessories	
Gaskets	
Gearbox, VFDs & accessories - gearbox, axels, VFDs, etc.	
Mechanical seals	
Engine, components & accessories – pistons, coolant, flywheels, etc	
Compressor, parts, or accessories	
Electrical switches & accessories – fuses, switches, junction boxes, etc.	
Lifting equipment & accessories – slings, jack, couplings, etc.	
Power supply and conditioning equipment – transformers, converters, accumulators, etc.	

Spares Categories for consolidation	Additional Details
Welding & soldering & brazing supplies	
Cooling equipment & parts & accessories – Cooling tower, fills, etc.	
Adhesives, sealants & epoxy	
Blast furnace eqpt &	
Electrical rotating equipment – motors, accessories, etc.	
Air circulation & parts & accessories - fans, compressors, blowers, etc.	
Chains, sprockets & links	
Controllers and instrumentation – like sensors, indicators, level transmitter	
Distribution & control panels & accessories – switchboards, control panels, busbars, etc.	
Couplings	
UPS and batteries – Batteries, Cells & Accessories,	
System boards processors interfaces or modules – control units, processors, communication modules, etc.
