

VEDANTA GROUP

The Vedanta Group is one of the world's leading natural resources and technology conglomerates spanning across India, South Africa, Namibia, Liberia, Zambia, UAE, Korea, Taiwan, and Japan with diversified operations in Oil & Gas, Zinc, Lead, Silver, Copper, Iron Ore, Steel, Nickel, Aluminium, Power, Glass Substrate and is now foraying into Semiconductors and Display Glass.

Vedanta, through its strategically located high-quality assets and scalable capacities, is well-positioned to leverage the opportunities in India and other emerging economies. India's rapid economic growth and the global transition to net zero would be mineral intensive and will boost the demand for metals exponentially. Vedanta possesses 8 metals and minerals in its unique portfolio, crucial for the energy transition and emerging technologies.

Vedanta is creating long-term value for all our stakeholders through sustainable development of natural resources and technology. Our core values of Trust, Entrepreneurship, Innovation, Excellence, Integrity, Care, and Respect define everything we do at Vedanta. These universal values will remain our guiding principles as we move into the future.
