This may restrict the ability of scheme to sell such securities at a desired price.	The corpus of the Scheme will be invested in the shares of companies meeting an ethical set of principles including Shariah, Jainism and other ethical principles. The Fund Management team will identify such scrips based on the applicable ethical screening criteria. 5	Risk Factors	Risk Associated with Unlisted Securities: Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted domestic securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment	The clause on Risk Associated with Unlisted Securities stands deleted as it is not applicable.

Companies/investments already part of Taurus Ethical Fund portfolio but failing subsequently on the above-mentioned Business and Financial Screening Parameters will be removed from the portfolio within a stipulated timeframe. In situations where matters are not covered by the "Ethical Investment Framework" or when further clarification, refinement or adjustments are needed regarding the "ethical principles" of investing, the Fund Manager of the Taurus Ethical Fund may seek and rely on the guidance of the appointed advisor. However, the advisor will have no role in making or influencing investment decisions, which remain within the exclusive domain of the Fund Manager. Internal Norms for Investment Restrictions Fund has policy of Internal Norms for Investment Restrictions also within the overall limit prescribed by SEBI which is being reviewed from time to time, depending upon the market conditions. According to this policy, limits on exposure to sectors, industries, companies etc. will be fixed to avoid concentration of portfolio in particular sectors so as to ensure appropriate diversification/security for the Fund. The purpose of this policy will be to make investments in the full spectrum of permitted investments in order to achieve the investment objective of the scheme. Internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities

The above changes will form part of Scheme Information Document (SID) and Key Information Memorandum (KIM) of Taurus Ethical Fund. All other terms and conditions of the aforementioned Schemes shall remain unchanged.
